Volume 2, Issue 4  
January 24, 2008

## Wet-N-Wild Winter Weather

We've battened down the hatches and we're ready for the rain.

Inside our cozy greenhouses we have a few plants that just look great.

Our cyclamen have huge flowers with vibrant colors. In just 2 weeks we will have great plants ready for Valentine's Day.

Also, look below, that's right, we have some 4" Rex Begonias on the way!!! We have a limited lot of these hot and colorful plants...so book now and get a jump start on Spring and the competition. We also have cute green pot covers for \$0.10 extra. 15 plants to a box.

The 'tiny gem' hanging basket Begonia is also full of color during the dreary months of winter.

We also have our 'Fairy White' Dipladenia that just won't stop growing. Every week there are more buds bursting into large white flowers.
